

Introduction

This is a direct port of the [chia bls typescript library](#)[↗]. Coding style and naming have been converted to C# conventions but otherwise it is very similar in API.

All of the unit tests from the original project have been ported and pass.

chia and its logo are the registered trademark or trademark of Chia Network, Inc. in the United States and worldwide.

Getting Started

Installation

Install the [nuget package](#) 

```
dotnet add package chia-dotnet-clvm
```

Run a Simple ChiaLisp Program
